IN THE UTAH STATE SUPREME COURT

GRANT v. GOV. HERBERT

:
: MEMORANDUM (LETTER) IN
: SUPPORT OF PETITION FOR
: EXTRAORDINARY WRIT OF
: RELIEF
: REQUEST FOR ADDITIONAL
: BRIEFING
: REQUEST FOR HEARING AND
: ORAL ARGUMENTS

Case: 20180997 SC

I am acting “pro se” and am exercising my First Amendment right guaranteed by the Utah and U.S. constitutions to petition the government and request a court hearing. I was informed that I have until 5 p.m., Dec 19th, to add own motion explaining, from my perspective, my reasoning as to why my state court needs to act. I would like to assist the Third Branch of Utah’s government in using this opportunity to do something that it may have missed out on without this invitation.

Government should not run on panic or fear. Or by assuming that everyone who isn't forced into a one-size-fits-all "legal" solution (taking pills and medicines that have ruthless side effects), must be thrown in prison and lose what little they have in order to protect them from themselves.

We are smarter and wiser than we are given credit for. Some of us who have investigated cannabis know it can be a powerful healer. It is cruel and unusual to hurt people for simply trying to heal themselves with a plant that grows naturally on our earth. What freedom or power do we have if we cannot decide something so basic? If we are so untrustworthy then why not remove our right to vote too?

Some of our fellow Utah citizens are in so much pain, they can't get up out of bed, drive cars, process food or soothe the terrible inflammation in their organs, spines and joints. Many of them can't make it to the capitol or your courthouse. Some of them can't even afford a printer or the ability to scan a form and send it to you, or the energy or ability left to fill out forms like these at all. You will never hear them or see their very sad situations. Some of them will not live here long enough to get relief unless you help them.

Be grateful for what health you have and think of them as you act and define words like compassion and justice. Utah's citizenry, your employers, voted to allow these people to try to help themselves. Don't let a few sand box bullies stop them. You are welcome.
